

Privacy Policy

§1. Information on the processing of personal data

1. No personal data are collected for the purpose of selling or usage the Application.
2. If any other reasons occur and personal data will have to be collected, the administrator of personal data is the Service Provider – Safecome S.A. with its registered office in Warsaw (Krakowiaków 103, 02-255 Warsaw, Poland), with registration no KRS: 0000700697.
3. Providing personal data is voluntary, but necessary to achieve the individual purposes of their processing.
4. Personal data is collected and processed for the purposes of realizing the legitimate interests of the personal data administrator, i.e. in particular: implementation of the process of selling services, enabling the provision of certain services by electronic means, making settlements, servicing an electronic account in the data administrator's network, handling submitted reports or inquiries, contacting (including in connection with the transactions handled), as well as for tax and accounting purposes, for archival and statistical purposes.
5. The data subject has the right to request the administrator to access their personal data, rectify them, delete or limit processing at any time, the right to object to the processing, as well as the right to transfer their data and the right to file a complaint to the supervisory body of the President of the Personal Data Protection Office.
6. The management of the granted consents takes place via the customer support address: biuro@safecome.pl .
7. Withdrawal / modification of consent does not affect the lawfulness of processing carried out on the basis of consent before its withdrawal / modification.
8. The data will be processed no longer than it is necessary to achieve the abovementioned purposes, but no longer than until the consent is withdrawn or modified. After this time, the data may be processed until the expiry of the limitation period.
9. The data controller takes steps to ensure the security of the collected and processed personal data, and in the event of a breach - informs the competent state authorities in order to detect the perpetrators and prevent future violations. Any natural person whose data will be breached will be informed about it.
10. The data stored by the Service Provider includes the data required when creating the Account: name and surname, e-mail address, account type, IP address and data necessary for payment processing if applied.

§2. Information about cookies
